## make a statement with your sample kits

Let Plasticase show you how to get the most from your sample kit by enhancing your corporate image with a bold statement in the marketplace.

With a Plasticase hard sided carrying case for your presentation kits, you get a durable and economical solution for your sample packaging needs. The Plasticase line of stylish and rugged cases will protect your investment and extend the working life of your marketing tools.

Make a case for yourself with Plasticase.  
Give us a call today.

## custom printing

What better way to make your mark than to have your company's logo or product branding printed in color on our cases? Simply send us your artwork and our experienced graphic design staff will work with you to convey your message in the most effective and unique way.

## custom foam inserts

If you are looking for a personalized packaging solution, specifically adapted for the contents of your case, a custom die cut foam is the way to go. Let our team of industrial designers help you optimize the layout of your components to ensure the utmost protection of your products and equipment.

## cubed foam inserts

A three-piece set of polyurethane foam inserts allows for easy customization. Included is a pre-scored cubed foam layer which consists of foam squares that can be removed in various configurations to accommodate the contents of the case. This solution is ideal if you are seeking a quick and easy way to protect and organize your items.

## custom case design

If none of our current products meet your requirements, we can still offer a solution. Plasticase has a staff of designers and engineers that have a proven track record in providing customers with innovative solutions for their carrying needs. We will analyze your project and provide expert counsel from initial product design all the way to tool production.

## case studies

If you require a case to protect, market or simply display your products, our experienced sales team and qualified designers will work with you to package your ideas. Here are a few of our past projects.
